Address: Ulica Jurja Dalmantinca 3, 10000, Zagreb, Croatia (Home)

WORK EXPERIENCE

WEB MANAGER – GIT.HR – 12/01/2019 – 03/09/2019 – VARAŽDIN, CROATIA

Technical Maintenance and Development

- WordPress/WooCommerce Administration: Complete system management, including plugin installation, security updates, and ensuring platform stability.
- Customization: Writing and modifying custom code (HTML/CSS) to enhance design, improve functionality, and adapt the user interface to specific business needs.
- Performance Optimization: Regular system updates and troubleshooting (bug fixing) to ensure a seamless user experience.

Content Management and Visual Identity

- Graphic Design and Post-production: Professional creation of visuals, web banners, and product photography using Adobe Photoshop and Illustrator.
- Content Management: Structured entry and maintenance of product databases, descriptions, and pricing, ensuring high data accuracy and visual clarity.

Digital Marketing and Sales

- Email Marketing: Designing and distributing newsletter campaigns via Mailchimp, followed by performance analysis and reporting.
- Social Media Management: Managing and maintaining a strong presence on social media platforms (Facebook and Instagram) to drive web traffic and brand awareness.
- Sales Operations Management: Overseeing the complete order-to-delivery process, ensuring high accuracy and timely distribution.

WEB MANAGER – SINDICOM D.O.O. – 18/12/2020 – 09/03/2021 – ČAKOVEC, CROATIA

Digital Photography and Post-production

- Professional Product Photography: Independent product photography, including professional lighting setup and composition for e-commerce requirements.
- Advanced Image Processing: Detailed post-production in Adobe Photoshop, including color correction, background removal, and format optimization for fast web loading.
- Digital Asset Management: Systematizing and managing the database of digital visuals for marketing purposes.

Web Design and UI/UX Adaptation

- User Interface (UI) Design: Contributing to the website's visual identity and creating layouts that enhance the user experience (UX).
- Graphic Elements Creation: Designing web banners, icons, and other graphical assets in alignment with the company's brand guidelines.

Content Implementation

- WooCommerce Administration: Independent upload of processed visuals and technical setup of product galleries.
- Visual Consistency Maintenance: Ensuring all published web materials meet high aesthetic and technical platform standards.

SOCIAL MEDIA MANAGER – OPTANA22 D.O.O. – 16/04/2022 – 17/06/2022 – ZABOK, CROATIA

Digital Photography and Visual Production

- Product Photography: Planning and executing product photo shoots independently for digital sales channels.

- Graphic Post-production: Professional image processing and retouching in Adobe Photoshop, including format optimization for web and social media.
- Campaign Visual Identity: Creating aesthetically consistent visual solutions aligned with the brand's marketing objectives.

Email Marketing and CRM

- Mailchimp Platform Management: Designing and technical preparation of newsletter campaigns (layout, visual selection, and copywriting/headlines).
- Segmentation and Distribution: Managing subscriber lists and setting up email automation to increase user engagement.
- Campaign Analytics: Monitoring campaign performance and optimizing content based on data-driven results.

Digital Marketing

- Content Creation: Developing creative content to promote products and strengthen brand visibility across digital platforms.
- Sales Team Collaboration: Coordinating marketing activities with current inventory levels and ongoing sales promotions.

WEB MANAGER & SOCIAL MEDIA LEAD – ADRIA MEDIC – 07/05/2024 – Current – PAZIN, CROATIA

Web Development and Administration:

- Web Development: Independent creation of modern, functional, and custom web solutions tailored to specific client needs.
- Management and Technical Maintenance: Ensuring system stability, managing security protocols, and overseeing domain and server operations.
- SEO Optimization (On-page & Technical): Implementing keyword strategies, optimizing page load speed, and structuring content to achieve high rankings on search engines.

Analytics and Strategy:

- Analytics and Data Interpretation: Utilizing Google Analytics to track user behavior and making data-driven decisions to improve site performance.
- Digital Strategy Development: Planning long-term market presence, defining target audiences, and establishing Key Performance Indicators (KPIs).

Social Media Marketing and Content Management:

- Campaign Management and Strategy: Designing and implementing both organic and paid digital campaigns (Meta Ads) to drive brand visibility and sales.
- Content Planning: Developing content calendars, professional copywriting, and visual storytelling tailored for Facebook and Instagram.
- Community Management: Engaging with the audience and maintaining a positive brand reputation through proactive communication and interaction.
